

COLLEGE ACCEPTANCE

The final college choices of RHSM seniors reflect the diversity of their interests, the breadth of their experiences, and the strength of their education. Graduates attend large and small, rural and urban, American and foreign institutions, and they are at home in the liberal arts and sciences as well as in more specialized programs in the arts and engineering. Many of our seniors are offered merit scholarships at institutions of higher education. While all graduates attend college, a few each year choose to defer entrance for a semester or a year in order to work, travel, engage in service, pursue an avocation, or ski in U.S. and international competitions. Over the past five years (1999-2003), our alumni have enrolled at the broad range of colleges and universities listed below:
